# EXHIBIT A

Basic Financial Statements Together With Independent Auditor's Report

*(This page intentionally left blank.)*

March 24, 2023

To the Board of Directors of the  
Monroe Tobacco Asset Securitization Corporation:

We have audited the financial statements of the governmental activities and major fund of Monroe Tobacco Asset Securitization Corporation (MTASC), a blended component unit of the County of Monroe, New York, for the year ended December 31, 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 22, 2022. Professional standards also require that we communicate to you the following information related to our audit.

#### **SIGNIFICANT AUDIT MATTERS**

##### **Qualitative Aspects of Accounting Practices**

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by MTASC are described in Note 2 to the financial statements.

***No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by MTASC during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.***

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

***The most sensitive estimate affecting MTASC's financial statements was management's estimate of the Tobacco Settlement Revenue (TSR) receivable, which is based on the actual TSR revenue received in prior years. We evaluated the key factors and assumptions used to develop the TSR receivable in determining that it is reasonable in relation to the financial statements taken as a whole.***

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

***There are no particularly sensitive financial statement disclosures. The financial statement disclosures are neutral, consistent, and clear.***

**Difficulties Encountered in Performing the Audit**

We encountered no significant difficulties in dealing with management in performing and completing our audit.

**Corrected and Uncorrected Misstatements**

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.

*Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.*

**Disagreements with Management**

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

*We are pleased to report that no such disagreements arose during the course of our audit.*

**Management Representations**

We have requested certain representations from management that are included in the management representation letter dated as of the date of our Independent Auditor's Report.

**Management Consultations with Other Independent Accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to MTASC's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.

*To our knowledge, there were no such consultations with other accountants.*

**Other Audit Findings or Issues**

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as MTASC's auditors.

*However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.*

**Other Matters**

We applied certain limited procedures to management's discussion and analysis (MD&A), which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

**Restriction on Use**

This information is intended solely for the use of Board of Directors and management of MTASC and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT**

March 16, 2023

To the Board of Directors of the  
Monroe Tobacco Asset Securitization Corporation

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities and major fund of the Monroe Tobacco Asset Securitization Corporation (MTASC), a blended component unit of the County of Monroe, New York, as of and for the years ended December 31, 2022 and 2021, and the related notes to the financial statements, which collectively comprise MTASC's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of MTASC, as of December 31, 2022 and 2021, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MTASC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

p (585) 381-1000  
f (585) 381-3131

[www.bonadio.com](http://www.bonadio.com)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MTASC's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MTASC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MTASC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2023 on our consideration of the MTASC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of MTASC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering MTASC's internal control over financial reporting and compliance.

**Management's Discussion and Analysis (Unaudited)**  
**December 31, 2022 and 2021**

---

The following Management's Discussion and Analysis (MD&A) provides a comprehensive overview of the Monroe Tobacco Asset Securitization Corporation's (MTASC) financial position as of December 31, 2022, 2021, and 2020 and its changes in financial position for the years then ended. This MD&A should be read in conjunction with the financial statements and related footnotes of MTASC, which directly follow the MD&A.

**General Overview**

MTASC is a special purpose, bankruptcy remote local development corporation organized under the Not-For-Profit Corporation Laws of the State of New York (the State). MTASC was established on May 11, 2000; however, there were no substantive operations until August 15, 2000. MTASC is an instrumentality of, but separate and apart from the County of Monroe, New York (the County). Pursuant to a Purchase and Sale Agreement with the County, the County sold to MTASC all of its future rights, title and interest in the Tobacco Settlement Revenues (TSRs) under the Master Settlement Agreement (MSA) and the Decree and Final Judgment (the Decree). The MSA resolved cigarette smoking related litigation between the settling states and the Participating Manufacturers (PMs), released the PMs from past and present smoking related claims, and provided for a continuing release from future smoking related claims, in exchange for certain payments to be made to the settling states, as well as certain tobacco advertising and marketing restrictions, among other things. The Decree, which was entered by the Supreme Court of the State, allocated to the County a share of the TSRs under the MSA. The future rights, title and interest of the County's share were sold to MTASC and were financed by the issuance of bonds.

**Overview of the Financial Statements**

The financial statements of MTASC have been prepared in accordance with accounting principles generally accepted in the United States as prescribed by the Governmental Accounting Standards Board. The financial statement presentation consists of the following four basic financial statements:

- Statements of Net Position
- Statements of Activities
- Governmental Fund Balance Sheets - Debt Service Fund
- Statements of Governmental Fund Revenues, Expenditures, and Change in Fund Balance - Debt Service Fund

The Statements of Net Position and the Statements of Activities are prepared using the economic resource measurement focus and the accrual basis of accounting. Revenues, expenses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, assets and liabilities resulting from non-exchange transactions are recognized when the amounts to be received are measurable and collection is probable. The Governmental Fund Balance Sheets – Debt Service Fund and the Statements of Governmental Fund Revenues, Expenditures and Change in Fund Balance – Debt Service Fund are presented using the current financial resources measurement focus and the modified accrual basis of accounting. These policies are more fully described in the accompanying notes to the basic financial statements.

The Statements of Net Position present all of MTASC’s asset and liability information, with the difference between the two reported as net position. Restricted net position is based on externally imposed conditions and consists of funds in the debt service and liquidity reserve accounts. These accounts were established to provide for debt service payments for at least one year in the event of insufficient revenues. All other net position is considered unrestricted.

The Statements of Activities present all of MTASC’s revenues, both program and general, expenses, and transfers.

The Governmental Fund Balance Sheet – Debt Service Fund presents MTASC’s assets, liabilities and fund balance. This statement uses the debt service fund, a governmental fund type, to report its financial position.

The Statements of Governmental Fund Revenues, Expenditures, and Change in Fund Balance – Debt Service Fund present the changes in financial position of the debt service fund.

**Total Liabilities**

The total liabilities increased by \$6.4 million from 2021 to 2022. This increase is due to the value of the capital appreciation bonds (Series 2006 and Series 2005 D, E & F) increasing by \$9.5 million, offset by a Turbo payment of \$3.1 million made towards the Series 2005B bonds. The total liabilities increased by \$6.1 million from 2020 to 2021. This increase is due to the value of the capital appreciation bonds (Series 2006 and Series 2005 D,E & F) increasing by \$8.8 million, offset by a Turbo payment of \$2.7 million made towards the Series 2005B bonds.

**Expenses**

Expenses incurred in 2022 were comparable to those incurred in 2021. Expenses incurred in 2021 were also comparable to those incurred in 2020.

**Revenues**

Total revenues in 2022 were consistent with 2021, decreasing only \$23 thousand, less than 1%. In 2021, revenues increased by \$1.5 million. The increase in total revenues was primarily due to higher than actual tobacco settlement revenue received than the estimated accounts receivable from the prior year due to the unpredictable nature of this revenue stream.

**Financial Analysis of the Corporation's Fund Financial Statements**

The focus of MTASC's governmental fund reporting is to provide information on near-term inflows, outflows and balances of spendable resources.

As of December 31, 2022, MTASC's debt service fund reported fund balance of \$13.28 million, a less than 2% increase of approximately \$264 thousand from 2021. Tobacco settlement revenues increased approximately \$301 thousand and interest income increased approximately \$195 thousand while expenditures remained relatively consistent, increasing only \$165 thousand, or 1.4%.

As of December 31, 2021, MTASC's debt service fund reported fund balance of \$13.01 million, a slight decrease of \$67 thousand from 2020. While tobacco settlement revenues increased from 2020, the increase in expense, mostly an increased principal payment, outpaced the increase in tobacco settlement revenues.

**Debt**

Debt obligations of MTASC as of December 31, 2022 and 2021 consist of the MTASC Series 2010 Tobacco Settlement Asset-Backed Bonds (which replaced the Series 2005C as part of a forward purchase contract on June 1, 2010), the MTASC Series 2006 Tobacco Settlement Asset-Backed Bonds and the remaining balance of the MTASC Series 2005 Tobacco Settlement Asset-Backed Bonds.

The total amount of the Series 2010 bonds, Series 2006 and Series 2005 bonds outstanding at December 31, 2022 was \$201.82 million. None of the outstanding Series 2010, Series 2006 or Series 2005 bonds were considered current since none were due within twelve months of year end.

The 2010 Series and 2005 Series bonds were structured to enable the New York Counties Tobacco Trust IV bonds to attain the following ratings:

<u>Bond Series</u>	<u>Standard &amp; Poor's</u>	<u>Fitch</u>
2005A	BBB	BBB
2005B	BB+	BBB
2005D	Non-rated	BBB -
2005E	Non-rated	BB
2005F	Non-rated	Non-rated
2010A	B-	BBB

---

The 2006 Series bonds were not rated as MTASC did not apply for, and the rating agencies have not issued, a rating for the bonds.

All of MTASC's turbo bonds are subject to prepayment from Turbo Redemption Payments. Turbo Redemption Payments are made from collections (other than partial and lump sum payments) in excess of the amount needed to pay certain operating expenses. To the extent possible, the Turbo Redemption Payments will amortize the Series 2005 bonds, Series 2006 bonds and Series 2010 bonds earlier than their maturity dates at their accreted values. Payments of \$3.1 million and \$2.7 million were made in 2022 and 2021, respectively, against the Series 2005 bonds.

Payments on the outstanding capital appreciation bonds are based on the accreted value of the capital appreciation bonds at their stated maturity. The accretion of these capital appreciation bonds over their life results in the recognition of substantial annual costs until the capital appreciation bonds are redeemed. Reference should be made to the Bonds Payable footnote in the financial statements for a summary of the required principal and interest (which includes accretion of the capital appreciation bonds) payments.

Details on the debt outstanding are provided in Note 4 to the financial statements.

Notes to Basic Financial Statements

**1. ORGANIZATION**

Monroe Tobacco Asset Securitization Corporation (MTASC) is a special purpose, bankruptcy remote local development corporation organized under the Not-For-Profit Corporation Law of the State of New York (the State). MTASC was established on May 11, 2000; however, there were no substantive operations until August 15, 2000 as discussed herein. MTASC is an instrumentality of, but separate and apart from the County of Monroe, New York (the County). MTASC will have not less than three nor more than five directors consisting of two ex-officio positions including the Executive of the County and the Director of Finance - Chief Financial Officer of the County, up to two additional directors and one independent director. Although legally separate from the County, the Corporation is organized as a nonprofit corporation with the County listed as its sole corporate member in the Corporation's by laws. As such, the Corporation is included in the County's basic financial statements as a blended component unit.

On August 15, 2000, pursuant to a Purchase and Sale Agreement with the County, the County sold to MTASC all of its future rights, title and interest in the Tobacco Settlement Revenues (TSRs) under the Master Settlement Agreement (MSA) and the Decree and Final Judgment (the Decree). The MSA resolved cigarette smoking related litigation between the settling states and the Participating Manufacturers (PMs), released the PMs from past and present smoking related claims, and provides for a continuing release from future smoking related claims, in exchange for certain payments to be made to the settling states, as well as certain tobacco advertising and marketing restrictions, among other things. The Decree, which was entered by the Supreme Court of the State, allocated to the County a share of the TSRs under the MSA. The future rights, title and interest of the County's share were sold to MTASC.

MTASC's purchase of the County's future rights, title and interest in the TSRs was financed by the issuance of bonds. A Residual Certificate exists that represents the County's entitlement to receive all amounts required to be distributed after payment of debt service, operating expenses, and certain other costs by MTASC as set forth in the Amended and Restated Indenture (the Indenture). Payments on the Residual Certificate from TSR collections are subordinate to payments on the bonds and payment of certain other costs specified in the Indenture. Excess TSRs not required by MTASC to pay various expenses, debt service or required reserves with respect to the bonds are transferred to the Monroe Tobacco Tax Stabilization Trust (the Trust), as owner of the Residual Certificate. The County is the beneficial owner of the Trust and thus the funds received by the Trust will ultimately transfer to the County.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

MTASC's financial statements are prepared in conformity with accounting principles generally accepted in the United States as prescribed by the Governmental Accounting Standards Board (GASB). MTASC's government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

**MONROE TOBACCO ASSET SECURITIZATION CORPORATION**  
**(A Blended Component Unit of the County of Monroe, New York)**

**Notes to Basic Financial Statements**  
**December 31, 2022 and 2021**

---

MTASC's fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, MTASC considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures and claims and judgments are recorded only when payment is due.

The major governmental fund is the Debt Service Fund. The Debt Service Fund accounts for the resources accumulated and payments made for operations and principal debt service on long-term general obligation debt.

**Net Position**

Net position in government-wide financial statements is classified as net investment in capital assets, restricted and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, laws or regulations of other governments, or imposed by law through State statute or are otherwise unavailable for appropriation by the primary government and component units.

As of December 31, 2022 and 2021, these restrictions included:

- Debt Service - represents resources that have been legally restricted for debt service payments that will be made in future periods.

Unrestricted net position is net position that is not restricted, but which may be internally designated by the Board of Directors. At December 31, 2022 and 2021, the amount of unrestricted net position deficit was (\$288.1) million and (\$282.3) million, respectively.

**Fund Balance**

Fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable - amounts that are not in spendable form (such as inventory and prepaid expenditures) or are legally or contractually required to be maintained intact;
- Restricted - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed - amounts constrained to specific purposes by MTASC itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless MTASC takes the same highest level action to remove or change the constraint;

**MONROE TOBACCO ASSET SECURITIZATION CORPORATION**  
(A Blended Component Unit of the County of Monroe, New York)

**Notes to Basic Financial Statements**  
**December 31, 2022 and 2021**

---

- Assigned - amounts MTASC intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- Unassigned - amounts that have not been assigned or are not restricted, committed, or assigned to specific purposes within the debt service fund.

When fund balance resources are available for a specific purpose in more than one classification, it is MTASC's practice to use the most restrictive funds first in the following order: nonspendable, restricted, committed, assigned, and unassigned as they are needed.

**Cash**

Cash for the Corporation consists of demand and non-demand deposits.

**Deposits Held by Trustee**

Deposits held by trustee refers to cash held by a third party to satisfy the Corporation's debt service requirements. The funds held by trustee are not subject to the Corporation's Investment and Deposit Policy or collateralization requirements. MTASC maintains a liquidity reserve account, which was initially funded from the Series 2000 Bond proceeds and has been increased by funds from the Series 2005 Bonds. This account must be maintained at a minimum of \$12,849,750 until such time that all bonds, other than subordinated bonds, are paid. All amounts withdrawn from this account are replenished, as needed, and amounts in excess of the required amount are transferred out.

**Bond Discount**

The Corporation recognizes discounts fully in the year of issuance for the governmental fund statements. These costs are amortized over the term of the related bonds for the government-wide financial statements as additional interest expense. The Corporation recognizes all interest paid as interest expenditures on the modified accrual basis for the governmental fund statements and all interest incurred as expenses on the full accrual basis for the government-wide financial statements.

**Accounts Receivable**

MTASC records a receivable for TSRs and does not accrue interest on unpaid amounts. MTASC has not recorded an allowance for doubtful accounts related to the TSRs and does not anticipate future write-offs.

**Deferred Outflows and Inflows of Resources**

In addition to assets and liabilities, the Balance Sheet and Statements of Net Position will sometimes report a separate section for deferred outflows/inflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditure) until then. The separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then.

---

**Income Taxes**

MTASC is a not-for-profit corporation and is exempt from income taxes as an organization qualified under Section 501(c)(3) of the Internal Revenue Code. MTASC has also been classified by the Internal Revenue Service (IRS) as an entity that is not a private foundation. Based on a determination by the IRS, MTASC is exempt from filing a tax return.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**3. DEPOSITS AND INVESTMENTS**

**Investment and Deposit Policy**

MTASC follows an investment and deposit policy as outlined in the Indenture, the overall objective of which is to adequately safeguard the principal amount of funds invested or deposited; conformance with federal, state and other legal requirements; provide sufficient liquidity of invested funds in order to meet obligations as they become due; and attainment of a market rate of return. Oversight of investment activity is the responsibility of the Treasurer of MTASC.

The Corporation categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Corporation did not have any investments that are measured using Level 3 inputs.

Governmental bonds and other fixed income instruments classified in Level 2 of the fair value hierarchy are valued based on significant other observable inputs, which may include, but are not limited to, quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates), or other market corroborated inputs.

Fair value measurements of the Corporation's investments at December 31, 2022 were comprised of U.S. Government Agency Bonds valued at \$13,032,998 based on Level 2 inputs and Money Market Funds valued at \$4,868 based on quoted market prices (Level 1 inputs). Investments at December 31, 2021 were comprised of U.S. Treasury Notes valued at \$12,842,945 and Money Market Funds valued at \$4,633 based on quoted market prices (Level 1 inputs).

**Interest Rate Risk**

Interest rate risk is the risk that the fair value of investments will be affected by changing interest rates. MTASC does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

---

**Credit Risk**

MTASC's policy is to minimize the risk of loss due to failure of an issuer or other counterparty to an investment to fulfill its obligations. MTASC's investment and deposit policy authorizes the reporting entity to purchase the following types of investments:

- Obligations of the United States of America;
- Obligations guaranteed by the United States of America where payment of principal and interest are guaranteed by the United States of America;
- Obligations of the State of New York;
- Special time deposit accounts;
- Certificates of Deposit;
- Commercial Paper;
- Repurchase agreements limited to obligations of the United States of America, or obligations whose principal and interest are fully guaranteed, or insured by the United States of America. The term of each agreement shall generally not exceed 180 days. The agreement shall be confirmed in writing by the seller, and each security purchased under the agreement shall be specifically identified; segregated from the assets of the seller and delivered for safekeeping into an account designated and controlled by MTASC. Also, each seller shall enter into a master Repurchase Agreement with MTASC which shall specify the rights and obligations of MTASC and the Seller in all transactions;
- Obligations of public authorities, public housing authorities, urban renewal agencies, and industrial development agencies where the general State statutes governing such entities or whose specific enabling legislation authorizes such investments; and
- Obligations issued pursuant to New York State Local Finance Law Section 24.00 and 25.00 (with approval of the New York State Comptroller) by any municipality, school district or district corporation other than MTASC.

**Custodial Credit Risk - Investments**

Custodial credit risk - investments is the risk that an entity will not be able to recover the value of an investment or collateral securities that are in the possession of an outside party if the counterparty to the transaction fails. The Corporation's investment and deposit policy requires that all custodial investments be registered or insured in the Corporation's name and held in the custody of the bank or the bank's trust department. The Corporation requires that all repurchase agreements be limited to obligations of the United States of America or obligations whose principal and interest are fully guaranteed, or insured by the United States of America.

**Custodial Credit Risk - Deposits**

Custodial credit risk - deposits is the risk that in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits. In accordance with MTASC's investment and deposit policy, all deposits of MTASC including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act (FDIA) shall be secured by a pledge of securities with an aggregate value equal to the aggregate amount of deposits. MTASC restricts the securities to the following eligible items:

- Obligations issued, or fully insured or guaranteed as to the payment of principal and interest, by the United States of America, an agency thereof or a United States government sponsored corporation;
- Obligations issued or fully guaranteed by the International Bank for Reconstruction and Development, the Inter-American Development Bank, the Asian Development Bank, and the African Development Bank;
- Obligations partially insured or guaranteed by any agency of the United States of America;
- Obligations issued or fully insured or guaranteed by the State of New York;
- Obligations issued by a municipal corporation, school district or district corporation of New York State;
- Obligations of any public benefit corporation, which under a specific State statute may be accepted as security for deposit of public monies;
- Obligations issued by states (other than the State of New York) of the United States rated in one of the two highest rating categories by at least one Nationally Recognized Statistical Rating Organization (NRSRO);
- Obligations of Puerto Rico rated in the highest rating category by at least one NRSRO;
- Obligations of counties, cities and other governmental entities of a state other than the State of New York having the power to levy taxes that are backed by the full faith and credit of such governmental entity and rated in one of the two highest categories by at least one NRSRO;
- Obligations of domestic corporations rated in one of the two highest rating categories by at least one NRSRO; and
- Zero coupon obligations of the United States of America marketed as "treasury strips."

As of December 31, 2022 and 2021, the bank balance and carrying amount of MTASC's cash was \$227,338 and \$152,656, respectively, and was fully covered by Federal Depository Insurance Corporation limits.

**Concentration of Credit Risk**

The Corporation places no limit on the amount that may be invested in any one issuer. For the years ended December 31, 2022 and 2021, all amounts were held by one bank.

**Deposits Held by Trustee**

Deposits held by trustee refers to cash held by a third party to satisfy the Corporation's debt service requirements. The funds held by trustee are not subject to the Corporation's Investment and Deposit Policy or collateralization requirements. **Notes to Basic Financial Statements**

---

Under the terms of the Indenture, MTASC is required to maintain certain deposits to fund debt service payments, if needed. Such deposits are included in deposits held by trustee in the basic financial statements. In addition, MTASC is subject to various debt covenants, including limitations on expenses/expenditures, and compliance with Trustee indenture agreement requirements. MTASC was in compliance with all covenants and indenture agreement requirements at December 31, 2022 and 2021.

Principal payments in the amount of \$3,075,000 and \$2,735,000 were made during 2022 and 2021, respectively, in accordance with the Turbo Redemption requirements of the Series 2005B bonds.

**Interest**

Interest expense on bonds payable was \$18,233,949 and \$17,780,709 in 2022 and 2021, respectively. Cash paid for interest was \$8,777,100 and \$8,951,400 in 2022 and 2021, respectively.

**5. TRANSACTIONS WITH MONROE COUNTY**

In addition to setting forth the terms and conditions of the sale and purchase of the TSRs, the Purchase and Sale Agreement also provides for separate consideration to retain the County to act as Administrator with respect to the preparation of all reports and other instruments and documents that it is the duty of MTASC to prepare, execute, file or deliver pursuant to the Indenture and the related agreements.

The Purchase and Sale Agreement also contemplates the use by MTASC of office space and telephone service from the County, and the sharing of overhead and operating services and expenses (including shared employees, consultants and agents and reasonable legal and auditing expenses) on the basis of actual use or value of such services, or otherwise on a basis reasonably related thereto.

The cost to MTASC for the services provided by the County was approximately \$40,000 in each of the years ended December 31, 2022 and 2021.

No residual funds, in accordance with the Amended and Restated Indenture, were transferred to the Trustee and ultimately the County in December 31, 2022 and 2021.

**6. NET POSITION DEFICIT**

MTASC has a deficit in net position as a result of the outstanding bonds. As these bonds are repaid, this will help to reduce the deficit, along with the future revenue streams.

**7. CONTINGENCIES**

Future TSRs are subject to adjustment based upon tobacco consumption, inflation and other factors. Pursuant to the Indenture, these adjustments and other events could trigger additional debt service reserve requirements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

March 16, 2023

To the Board of Directors of  
Monroe Tobacco Asset Securitization Corporation:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and major fund of Monroe Tobacco Asset Securitization Corporation (MTASC), a blended component unit of the County of Monroe, New York, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise MTASC's basic financial statements, and have issued our report thereon dated March 16, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered MTASC's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the MTASC's internal control. Accordingly, we do not express an opinion on the effectiveness of MTASC's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether MTASC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dear Basil:

Public Authorities, which are authorized under the Not-for-Profit Corporation Law fall under the Public Authorities Accountability Act (PAAA) and Public Authorities Reform Act (PARA) definition if they are affiliated with, sponsored by, or created by a municipal government.

One of the specific requirements of the PAL is Section 2925, subdivision 6 that indicates:

“Each corporation shall annually prepare and approve an investment report which shall include the investment guidelines, as specified in subdivision three of this section, amendments to such guidelines since the last investment report, an explanation of the investment guidelines and amendments, the results of the annual independent audit, the investment income record of the corporation and a list of the total fees, commissions, or other charges paid to each investment banker, broker, dealer, agent, dealer and adviser rendering investment associated services to the corporation since the last investment report. Such investment report may be a part of any other annual report that the corporation is required to make.”

In discussions with the ABO, they have indicated that the annual financial statement audit does not satisfy the requirement above. Furthermore, the requirement extends to not only investments in the conventional sense, but all funds available for deposit in the organization, except for traditional checking and savings type deposits, or trustee directed investments in association with bond issuances. Certificates of deposits would qualify as investments under the regulations.

The complexity of the audit is based primarily on the nature of the organization's investments. Organizations with certificates of deposit or other non-complex investments may be able satisfy the requirements by having an agreed-upon procedures review of its investment policy performed to ensure that the organization is in compliance with said policy.

Since the Monroe Tobacco Asset Securitization Corporation does not have investments that meet the criteria as defined above, there is no filing requirement for December 31, 2022.

We can assist you with the requirements of this legislation and provide the reports required to satisfy the objectives, going forward. As necessary, we can perform these concurrently with our annual financial statement audits at an estimated hour basis. Please contact me to discuss the specifics of your needs.

Very truly yours,

At the annual meeting, the Member shall appoint the Independent Director and those Directors not serving ex officio if the term of the said Directors has expired, receive the annual report and transact such other business as may properly come before the meeting.

SECTION 4. ANNUAL REPORT TO MEMBER.

At the annual meeting of the Corporation, the President and the Treasurer of the Corporation shall present an annual report showing in appropriate detail the following information:

- (b) A summary of the activities of the Corporation during the preceding year.

The annual report shall be filed with the minutes of the annual meeting.

**ARTICLE III - BOARD OF DIRECTORS**

SECTION 1. POWER OF BOARD OF DIRECTORS.

The Corporation shall be managed by its Board of Directors, which shall establish all general policies governing its operations.

SECTION 2. NUMBER, ELECTION AND TERM OF DIRECTORS.

(a) As used in the Certificate of Incorporation and these By-laws, "the entire Board of Directors" means the total number of Directors which the Corporation would have if there were no vacancies on the Board. The Corporation shall be managed by a Board of Directors consisting of three to five Directors, consisting of two ex officio positions including the County Executive of the County and the Director of Finance-Chief Financial Officer of the County (the "Ex Officio Directors"), up to two additional Directors selected by the Member of the Corporation (the "Appointed Directors") and one Independent Director (as hereinafter defined) selected by the Member of the Corporation (the "Independent Director"). The Independent Director must be a person who is not, and has not been for a period of five years prior to his or her appointment as the Independent Director (i) a creditor, customer, supplier, advisor or other person who derives any of its revenues from its activities with the County or its affiliated entities (the County and its affiliated entities other than the Corporation being referred to in this Certificate of Incorporation as the "County Group"); (ii) an official, member, stockholder, director, officer, employee, agent or affiliate of the County Group (the "Principal"); (iii) a person related to any person referred to in clause (i) or (ii); or (iv) any person who receives compensation for administrative, legal, accounting or other professional services from the County Group or a Principal; or (v) a trustee, conservator or receiver for any member of the County Group. In the event of the death, incapacity, resignation or removal of the Independent Director, the Member promptly shall appoint a replacement Independent Director, and, except in the case of death, the Independent Director shall serve until a successor is appointed and qualified. Thereafter, the Independent Director shall be designated every two years by the Member at the annual meeting; provided, however, if the Member fails to expressly designate a new Independent Director within thirty months of the prior election, the incumbent Independent Director shall be deemed re-elected as Independent Director for the next succeeding two year period. The Appointed Directors shall serve for 1 year terms or until the next annual meeting of the Corporation, if such meeting occurs one year or more after commencement of the Appointed Director's then current term, or until any condition of serving is no longer satisfied and in any event until their successors have been duly appointed and qualified. At least one of the two Appointed Directors must be an employee of the County government or hold an elected position in the County legislature. If, at any time, there is only one Appointed Director, he or she shall be such an employee or hold such elected position. Except as otherwise provided by law, the Certificate of Incorporation, or these By-laws, the vote of a majority of the Directors present at the time of the vote at a duly convened meeting at which a quorum is present shall be the act of the Board of Directors.

SECTION 12. ORGANIZATION.
